

# The World's First True Three-Way IEM!

## Three-Way, Triple Driver Custom Fit In-Ear Musicians Monitors

Custom made to provide an exact fit to the performer's ear, the Westone ES3™ is the world's first three-way in-ear musicians monitor. Providing over 25 dB of ambient noise reduction, the ES3 provides the clarity required for live performance punctuated by sparkling highs, smooth mids and thick low end response.

### ES3 Specifications:

**Sensitivity:** 124 dB/mW

**Frequency response:** 20 Hz -18 kHz

**Impedance:** 25 ohms

**Driver:** Three balanced armature drivers with a passive three-way crossover

**Features:** Replaceable cable, one year parts and labor warranty on internal components, 25 dB average noise reduction, user manual and a hard shell carrying case.

**Options:** Available in standard, opaque or neon colors. Also available with Custom Art Shop. The ES3 is currently available only as a hard shell monitor.

**Elite Series™**  
by Westone

The ES3, like all Westone Elite Series custom fit in-ear musicians monitors, comes with a watertight, crush-proof hard shell case. Also included: wax loop, microwaveable desiccant, Oto-Ease® lubricant and cable management system. Ear impressions are required.
